THE BEST SKIING HAS TO OFFER

bergiesbest.com[™] connects ski instructors with students

- bergiesbest.com provides skiers an opportunity to find and interact with instructors before hitting the slopes.
- bergiesbest.com is a free service for everyone. There is no charge for certified instructors to create their own webpage, including a free e-mail address, to be a part of this database. And there is no charge for skiers to search our database of instructors and review each instructor's profile.
- bergiechat is a great way for everyone to communicate. There are forums for product reviews, instructor reviews, question and answers, technique sharing, plus an area for instructors to post stories, news and information.
